Like you, we want what's best for our families. That's where we come in. We help make it easier to provide delicious and healthy dinners for your family. We take care of the meal planning, preparation, and packaging. You assemble the dinners you've chosen off our monthly menu (14 new selections every month), take them home to your freezer, and then serve them to your family (and friends) in the weeks ahead. Contact Marta Caballero for more information; evening and weekend appointments only.

Have you tried reflexology? Reflexology is based on the premise that the whole body is "mapped" on the feet (or hands) and different areas of the foot correspond to related areas of the body. By stimulating the nerve endings and specific reflex points on the foot, congestion and tension are released. This allows more oxygen and blood flow to the cells and in turn, the related areas of the body are positively affected. As a result, deep relaxation may be attained, toxins eliminated, and the body's natural tendency toward healing and balance is promoted.
